

Reduce Error Rates

and increase workflow productivity while increasing patient safety – all on the lightweight, ergonomic Encore mobile EHR workstation

Transport all the supplies needed for uninterrupted rounding

Record patient blood draws in real time for more accurate patient charting

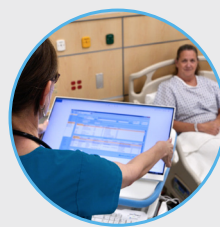

Print individual specimen labels at the point of collection

**Computing peripherals, phlebotomy tray, and supplies purchased separately*

Charged & Ready

Immediately recharge the workstation with swappable MobiusPower® batteries to eliminate workflow interruptions from waiting for batteries to recharge

Patient Engagement

Adjust the monitor to maintain eye contact with patient while viewing orders at the bedside with SightLine™

Increase collection turnaround times and improve productivity for lower operational costs by giving phlebotomists what they need all on one lightweight mobile EHR workstation

Non-powered
for Laptop

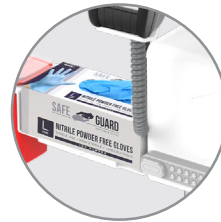

Scan specimen labels and patient wristbands for PPID

Keep supplies and specimens secure in an extra large, 8" deep locking drawer

Dispose of sharps right on the workstation

Store disposable gloves and germicidal wipes for quick access

Enovate Medical offers an integrated approach to manage every EHR workstation in your fleet

RHYTHM
MOBILE DEVICE MANAGEMENT

Rhythm is the cloud-based system that remotely monitors and manages mobile EHR workstation fleets with real-time visibility across multiple departments and locations.

EcoFlexTM
POWER MANAGEMENT

EcoFlex delivers longer battery run times with its efficient on-board, power management reducing the number of battery replacements.

Uptime
READY REPLACEMENTS

Uptime Ready Replacement program ensures 100% clinical availability and frees up hospital IT staff to focus on what they do best while we maintain your fleet.
