

Delivering seamless integration of fetal monitoring devices to improve overall efficiency

The Envoy maximizes your nurses' time by positioning their fetal monitoring technology and supplies right at the bedside for easy access. The Fetal Monitoring Envoy comes equipped with:

- **Small footprint** for your busy labor and delivery departments
- **Ergonomic design** with automatic sit/stand height adjustments
- **Dual monitors** with easy height adjustment plus the flexibility to tilt up/down or pan left/right
- **Large storage drawer** to keep transducers, electrodes, and supplies conveniently at the bedside
- **Ergonomic placement** of keyboard and mouse; high-touch surfaces can be cleaned easily to mitigate HAIs
- **Workspace and keyboard lighting** for documenting at the bedside when the room lights are off and the mother is resting

Enovate Medical's Envoy equips nurses with unique features designed to improve ergonomics, reduce downtime, and increase security when documenting at the bedside

Personalized ergonomic sit and stand positions follow each nurse to any Envoy in the fleet when integrated with your hospital's single sign-on.

Reduce asset downtime from latency of reporting with an icon to submit service request directly into existing IT Service Management system.

Access medication securely with 2-factor authentication and private PINs managed through your existing Active Directory database.

Supply Drawer & Medication Bins

Build an Envoy to meet your needs with multiple configurations – all secured by SecureMed Access

Enovate Medical offers an integrated approach to manage your entire EHR workstation fleet:

Rhythm is the cloud-based system that remotely monitors and manages mobile EHR workstation fleets with real-time visibility across multiple departments and locations.

MobiusPower PLUS delivers corded and cordless flexible mobile power for changes in clinical workflows from lightweight, swappable batteries.

Uptime Ready Replacement program ensures 100% clinical availability and frees up hospital IT staff to focus on what they do best while we maintain your fleet.

With Enovate Medical, you keep your clinical staff moving, free your IT staff from the hassle of workstation maintenance, and reduce your total cost of ownership.
