# Increase remote visibility with MobiusPower® BLE for greater clinical and IT efficiency

**External Lightweight Batteries** – Compact battery packs maximize nursing efficiency with grab-and-go ease.

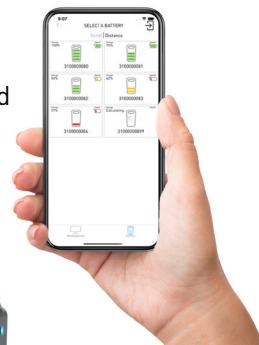

**Uninterrupted Care** – A low-charge alert gives your nurses enough time to finish their patient encounter.

**Reliable Technology** – Revolutionary HRL Panasonic® cell technology and Enovate Medical's patented pack design deliver superior reliability.

**Simple Battery Replacement** – With the battery mounted externally, replacement is easy and requires no disassembly to the workstation.

MobiusPower is part of Enovate Medical's total workstation solution that includes EcoFlex Power System and Rhythm – the cloud-based system that remotely monitors and manages your fleet of mobile EHR workstations.

**Real-time Health & Location with BLE** – Bring visibility to your IT staff with Rhythm Unplugged mobile app. Read the health and pinpoint the location of your MobiusPower battery packs – even when they are out of the workstation or charging unit.
