Flexibility in Healthcare
Engineered for Dual Mobile Workflows

Encore combines mobility, comfort and adaptability to meet dynamic staffing and clinical needs. With customizable accessories and dual power options for both plug-in and battery-powered workflows, this cart enhances productivity and efficiency for exceptional care delivery.

Lightest powered WoW on the market

Whether you need bedside documentation or secure medication delivery, Encore delivers:

NURSE-FRIENDLY FEATURES

- **Enhanced Mobility & Durability**
  Lightweight aluminum construction and dual casters provide effortless maneuverability and lasting durability.

- **Ergonomic Flexibility**
  Tilting keyboard tray and fluid height adjustment enable a customizable, strain-reducing workstation.

- **Optimized Workspace**
  Large worksurface with retractable mouse holder maximizes space and keeps accessories organized.

- **Clear Information & Support**
  Worksurface touchscreen displays battery health and allows quick PC reboot, while RhythmConnect offers one-touch IT ticketing.
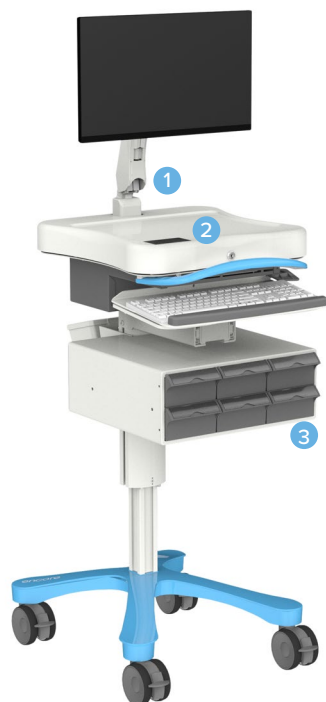

IT-FRIENDLY FEATURES

- **MobiusPower System**
  Supports both corded and swappable batteries for uninterrupted operation.

- **Versatile Compatibility**
  Optimized for thin clients, mini PCs, and all-in-one systems.

- **Secure & Accessible**
  Single-lock CPU enclosure with a fully opening worksurface.

- **Enhanced Visibility**
  System information is clearly presented on touchscreen display.

- **RhythmConnect Enabled**
  Reduces manual interventions and IT support needs.

On-Demand Mobility with Dual Power system

1 For workflows that don't require continuous mobility, the Encore plugs in and recharges like a traditional corded workstation.

2 For 24/7 continuous mobile computing, simply swap the lightweight MobiusPower battery pack to fully recharge your Encore workstation.
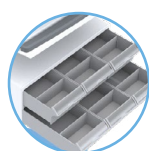

When your clinical workflows require medication delivery, Encore RX2 delivers an ultra lightweight, nurse-friendly design that keeps medications secure.

1. Encore's multi-positional SightLineTM monitor arm ensures that the monitor never gets in the way of personalized care.

2. For secure medication access, Encore RX2 comes with an interactive touchscreen for unique PIN codes and optional remote user management with RhythmConnect.

3. The Encore RX2 has 2-tiers with 6 standard bin configurations to fit your delivery protocols or an optional supply storage drawer.
